### Purpose

PFI's delivering MPF Xtra Mortgage Loans must use this exhibit to determine the Special Feature Codes (SFCs) that must be delivered when a Mortgage Loan has the described loan characteristic in accordance with MPF Xtra Selling Guide Chapter 14.

### Preparation

- **When:** PFI's should refer to this exhibit if it is indicated that the loan file contains a specified loan characteristic and must be delivered with an SFC.

### Additional Guidance

Please contact the MPF Service Center by using one of the following options for any questions or assistance in preparing and/or submitting the form:

- Email: [MPF-Help@fhlbc.com](mailto:MPF-Help@fhlbc.com)
- Phone: (877) 345-2673

### Helpful Hints

- A Mortgage Loan may require multiple SFCs to be delivered. If more than six (6) SFCs are required, the first 6 SFCs must be delivered in MISMO field 368 (Investor Feature Identifier), and the 7th or greater SFC may be delivered in MISMO field 393 (Loan Comments Field).
- Failure to accurately deliver the SFCs applicable to the Mortgage Loan may cause delivery errors, delays, loan eligibility issues, and/or mispricing. It is recommended that a PFI does not deliver a SFC that is not listed in this exhibit unless explicitly instructed to do so in the MPF Guides.
