## MPF Quality Control Process

Thank you for participating in the MPF Program. This will provide you with information regarding what to expect during the MPF QC Review Process.

### Contact Information

- No matter if this is your first MPF QC review or your 10th MPF QC review, our process requires collecting key contact information from your institution so that we can properly identify the individuals who will be responsible for gathering the requested files and reviewing/resolving any exceptions identified during the review.
- Depending on whether this is your first QC review or subsequent review, you will be sent an MPF QC Contact Questionnaire via e-mail or fax. Additional copies of the Contact Questionnaire Form can be accessed at the [MPF Education Website](#).
- **Note that in order to avoid a delay in the monthly order process, the Questionnaire must be returned within 5 business days to MPF Quality Control via e-mail to: [MPFQA@fhlbc.com](mailto:MPFQA@fhlbc.com) or via facsimile to 312-565-5757.**

### Preparing the Files

- Please reference the QC order letter for details on submitting loan files to the QC agent.
- The QC Document Checklist adds control. Its use allows documents to be included in an organized manner within the loan file for a more comprehensive and thorough review. The checklist can be found at the [MPF Education Website](#).
- All documents in the loan file for loans selected for a QC Review should be made available in the order specified on the Document Checklist to the QC agent.
- Documents are due to the QC agent 15 days from the order date.

- Exceptions categorized as repurchase or respond/repair are deemed the most critical; a response is required within 30 days of the QC exception letter date. All other exceptions listed must be reviewed and addressed as outlined in our letter.
